

24 January 1976

NOTE FOR: All NIOs

SUBJECT : Comment on HSC Report

1. Attached is a note I received from the Assistant Legislative Counsel forwarding a draft of part of a possible minority report which some members of the House Select Committee want to prepare. Also appended are selected pages from the draft of the main Committee report on which further comment could be helpful, particularly comments indicating corrective action that has been taken or improvements which have been made since the incidents referred to in these pages occurred. (I am sending to each of you only those pages which deal with your particular areas.)

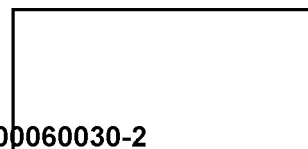

2. Dick Lehman is doing a draft response for the Agency to this Congressional request, which emanates from Congressman McClory. Lehman's draft should be ready sometime on Monday and I will circulate it to all of you for your reactions as soon as it comes. In the interim, since time is very short, would each of you please give some thought to these matters so that we can have the benefit of your suggestions by COB Monday, 26 January, after you have looked over this material and Lehman's draft.
